FRIDAY, JUNE 21, 1889.

Railway prospects continue to be
bright. So far there is every proba-
bility that the Regina and Long
Lake road will go on this season.

His Honor the Lieut. Governor
will arrive in town on the 25th inst.,
when it is to be hoped our citizens
will do all in their power to make his
stay with us interesting and agree-
able, and place before his notice the
wants of the district and its many
advantages as a field for settlement.

In our telegraph news appears a
rumor that the Northern Pacific will
withdraw from its connection in the
Northwest. We do not credit the
rumor, and for the good of the
Northwest we hope that such a thing
will not take place. If the N. P.
were to retire from this field, it would
give the *quiescent* to railway extension
to the Saskatchewan. One road
might be built, but we want several.
Our best hope lies in the last men-
tioned road pursuing an aggressive
policy in the Northwest.

While there are thousands of
immigrants and excursionists pour-
ing into Manitoba, there is not one
coming into this District. What is
the difference? In Manitoba they
have a railway, here we have none.
If we had the same advantages as
Manitoba no excursionist would ever
go back from here; if they saw the
place they would remain. A railway
to Prince Albert would bring in in
one year alone twenty thousand good
farmers, and in another year we
would lead Manitoba. We can raise
more grain in one year in this Dis-
trict than Manitoba can in five if we
get a railway.

We suppose there are a few in
this district who will take exception
to the following remarks, but taking
everything into consideration, we do
not think that any one should. We
believe that Mr. Macdowell will be
here shortly, and we think that he
should be tendered a public recep-
tion. It should not be political,
because he has not been working for
any party as far as this district is
concerned, and we think everyone
will concede that he has worked
faithfully and well during the past

session, to say nothing of former
ones, and has been so far successful
in his efforts to secure for us railway
communication as to ensure the
building of a road here next year, if
not this. His most bitter opponents,
if he has any, will give him credit for
showing an independent spirit in
that respect, and we claim that he
has succeeded in accomplishing
more than any other man whom we
could have elected would have done.
We will all be glad to see Mr. Mac-
dowell back, but why not do more,
and when he does arrive show him
by a public demonstration that we
appreciate his services? Party feel-
ing should not influence us. Let
the public of all parties take hold of
it. Such a move would do more to
strengthen his hands at Ottawa than
any number of petitions.

There are in this town a few
people who, in a spirit of pure re-
sistency or recklessness, avail them-
selves of any opportunity that occurs
to steal liquor from other parties.
This offence has been committed
several times of late. Not only has
the liquor been stolen, but the per-
petrators of the crime have broken
into private houses at night in order
to get at it, thus making themselves
liable to punishment for the crime
of burglary, if caught. A strong
suspicion exists as to whom some of
the parties are, and they had better
take warning, because if the offence
is repeated an example will be made
of some one.

ENTERTAINMENTS.

The Rev. Mothers of St. Ann's Con-
vent, last night, gave the citizens a treat
that is not often met with in Prince
Albert. An excellent programme was
prepared for the occasion, in which the
young ladies of the Convent took part,
and it is needless to say that they out-
did and all acquitted themselves most credit-
ably. Where everyone did well it would
be invidious to particularize, but the fol-
lowing are deserving of special mention
for the manner in which they performed
the parts assigned to them, viz:—The
Misses Fortescue, Drever, Pritchard,
Scott and Maggie McKay. The several
young ladies above mentioned are a credit
to the Convent, and demonstrated very
forcibly the capital method of teaching
followed at that institution. The Rev.
Mothers are deserving of great credit for
the manner in which they bring along
their pupils. Refreshments were served
at 10 o'clock, at a low rate, from which a
nice sum was realized. The entertain-
ment was held in the new Convent build-
ing, which was tastefully decorated for
the occasion.

THE RIFLE.

At the meeting of the council of the
Saskatchewan Rifle Association held last
Wednesday evening it was decided that
the telegraph match on the 29th, against
eight other associations in the Territories,
be shot on the Police range, and that the
other matches be shot on the new range
across the river.

A meeting of the members of the as-
sociation will be held in President Stewart's
office on Monday afternoon next, 24th
inst., at 5 o'clock, to discuss the advan-
tages of presenting an address to His
Honor the Lieut. Governor. All mem-
bers are requested to attend.

We are selling groceries cheaper than
any other place in town. F. C. Baker.

F Division N.W.M.P. have scored an-
other victory with the rifle, this time
over the Battleford Division. Last fall
the H. B. Co. presented a cup for rifle
competition between the two divisions
at Saskatoon, but owing to a sickness
among the horses the two troops did not
meet until the last couple of weeks. In
the competition F Division came out
victorious by 121 points.

It is a remarked fact that the correct
time is not kept in our town. There are
two whistles and two school bells which
mark the hour of noon every day, and
there is a difference of about fifteen min-
utes from the time the first one sound-
until the fourth gives out its warning.
Standard time can be got at the telegraph
office and if the timepieces, whereby
those whistles or bells were sounded,
were corrected once a week, we would
then all have the one time, but as it is
now everybody has their own time.

On the occasion of His Honor's visit
here during the coming week, would it
not be a good move for the young men
of the town to take hold and get up a
good ball, such as was done last winter
between the Police and the town people.
This would give the ladies of the town
an opportunity to meet His Honor and
party, what they would not otherwise
have. Get to work boys.

TERRITORIAL NEWS

FORT MACLEOD.

From the Gazette, June 6.

Const. Phillips, while assisting in the removal of Staff-Sergt. Jackson's house from Sample's bottom, met with an accident by which he broke his leg.

Orders have been issued by the war department, at Washington, to the troops in Montana to prevent the Sun dance at the Tongue River agency, and to co-operate with the Indian agents in sending all stray Indians back to their reservations.

It is proposed to put up a monument in both cemeteries to all members and ex-members of the Mounted Police force who have been buried in this district since the force came to the country. The movement has been started by the police at this post. They have formed a committee who wish to have the co-operation of ex-police in the district. With this end in view they desire to meet all ex-police who are willing to assist in the matter. It might be well to add that the monuments will contain all the names of all policemen and ex-policemen whose deaths occur in the district from now on. The committee would feel obliged if ex-police, who are unable to attend the meetings, would write expressing their views on the matter, and stating whether they would be willing to assist in the work or not.

EDMONTON.

From the Bulletin, June 1.

J. B. Tyrrell, of the geological survey, will work on the Swan and Red Deer rivers flowing into Lake Winnipegosis, this season.

The wind storm of the 21st blew the Methodist church bell from its frame and church time was not announced in the usual manner on Sunday.

The survey of Lac la Biche settlement is to be made this summer. Scattered surveys are also being made in the Macleod and Calgary districts and several old trails are being located.

The Athabasca and Lesser Slave rivers are very low this spring and the H. B. steamer which has left the Landing for Slave lake post is expected to have some difficulty in ascending the latter stream.

The damage done to the spruce forests in this district by fire this spring has been terrible. On the eastern side of the Beaver Hills the timber is reported to be entirely ruined. Some of the timber limits up the river are also reported to be injured.

A most welcome rain fell on Wednesday night, the first shower of either rain or snow, sufficient to wet the ground, which has fallen at Edmonton since last August. Field crops, particularly wheat, showed wonderful growth even without rain but the late shower will do a world of good to oats and barley. It will also give the gardens a start, which were making no progress owing to the extreme dryness.

REGINA.

From the Journal, June 11.

Mr. J. H. Royall, son of the Lieutenant-Governor, has arrived to take a position in the Land office.

The Ontario excursion train, with a large number of easterners on board, arrived late on Saturday night. Quite a number got off here, the rest went on west.

A taffy social is announced to take place on Friday in connection with the choir of the Methodist church and will commence at 8 o'clock.

Last week was ideal growing weather. Soil and atmosphere charged with moisture and the hot sun shining through a cloudy sky giving vegetable growth all the advantages of a hot house.

A telegram from the Ottawa correspondent of the Empire confirms a statement which appears in our despatches about the railway. He says further, on good authority, that the Canadian Pacific is leading the Regina & Long Lake every assistance and that Mr. E. B. Oiler has raised three and a half millions of capital towards building the line.

LETHBRIDGE.

From the News, June 5.

Work has been commenced on the building over the machinery at the new shaft. The machinery is all in place and everything will shortly be in readiness for lifting coal by that means.

The Medicine Hat Times wants to know if the Lethbridge sports will get back the \$3,000 they admit having left at the Hat last year. We imagine they will if the Hatters will put it up on the next ball game.

During the past week the river has raised considerably and fording has been abandoned. The ferry is doing good work and no difficulty is experienced in crossing.

Jas. Henderson arrived in town last week and is busy canvassing for the brand book to be issued shortly. It is intended to make the book as complete as possible this year and no pair are being spared with this end in view. We have been requested to state that any person who should happen to be overlooked can have their name and brand inserted by dropping a card to box 387, Winnipeg, Man.

MEDICINE HAT.

From the Times, June 8.

Crops have made a rapid advance during the past week. The weather could scarcely be better. It has now been raining for sixteen hours.

R. O'Brien, Dublin, was arrested Saturday afternoon for being drunk and disorderly on the street. He was tried on Monday and got \$15 and costs. Not being able to pay the fine he went to jail.

The Icander, Johnston, who was so fearfully mangled by the train running over him on the bridge last Saturday, died of his wounds on Sunday. He was unmarried and had no friends in this country. His parents are living in Denmark.

Miller & Dempsey have a shorthorn cow, aged 5 years, which gives an average of 38 quarts of milk a day. This is equal to 21 lbs. of butter per week, or 3 lbs. per day. This great flow of milk is not produced by heavy feeding, as no extra food is given the animal, simply grazing on the prairie.

QU'APPELLE

From the Vilette, June 6.

The boating club is proving a real bonanza to our people, sculling, canoeing and sailing being the fashionable recreation now-a-days.

An exciting runaway occurred on Company avenue on Monday afternoon, when a team belonging to the livery stable started off at full speed. The driver of the team received slight injuries at the outset by being thrown off the load. The team did not get far down the street, however, as the wheel of the wagon came into such violent contact with a telegraph pole as to root it from the ground and throw one of the horses, in addition to breaking the tongue.

From the Progress June 7.

The recent rains have made the crops grow like magic and fields everywhere look well.

The machinery and appliances are being put into working shape in S. H. Casswell's creamery.

CALGARY.

From the Herald, June 5.

No. 1 express this morning was one of the heaviest of the season. There were eleven coaches and two baggage cars. The train was on time to a minute.

Indian etiquette in its original character was displayed yesterday by the numerous Indians camped about the outskirts of the town. When it became known that the champion runner of the Blackfoot tribe, "Deerfoot," had served out the time for which he had been incarcerated in the Police barracks, and was camped on the north side of the Bow river. The Indians began to stream over Langens bridge in large numbers to pay their respects to the "free man," who held levee all afternoon, receiving the congratulations of his red brethren.

An Indian funeral took place at the Blackfoot reserve, Gleichen, last week, in which some of the old Indian customs were brought out strikingly. Jack Lowhorn, youngest son of old chief Lowhorn, died after a lingering illness of a year. The funeral was attended by great numbers of Indians and as much ceremony indulged in as would bury a prince of the "Blood Royal." The dead Indian was well equipped with implements for the chase in the happy hunting grounds. A fine corral horse which he used to ride was shot and buried with him, while his three best wives had the first joint cut from one of their little fingers and consigned to the grave with the body of their departed brave.

BRONCHITIS CURED.

After spending Ten Winters South, was Cured by Scott's Emulsion.

145 Centre St., New York.
June 20th, 1898.

The Winter after the great fire in Chicago I contracted Bronchial affections, and since then have been obliged to spend nearly every Winter South. Last November was advised to try Scott's Emulsion of Cod Liver Oil with Hypophosphites and to my surprise was relieved at once, and by continuing its use three months was entirely cured, gained flesh and strength and was able to stand even the El-Zard and attend to business every day.

TOWN COUNCIL.

A regular meeting of the Council was held on Monday evening last. His Worship Mayor Knowles presided. Present—Couns. Donaldson, Goodfellow, Mair, Sanderson and Woodman.

A communication was read from L. Schmidt asking that \$125 be raised for Separate School District No. 6.

REPORTS.

The Finance and Assessment Committee recommended the payment of the following accounts:—E. J. Caan, \$11 62; T. N. Campbell, \$1 20; J. M. Coombe, \$89 50.

A by-law to prevent persons who have not paid their taxes from voting at municipal elections received a first and second reading.

The Council then adjourned to meet as a Court of Revision.

A REAL NECESSITY.

We presume there is hardly a lady to be found in our broad land who, if she does not already possess a sewing machine, expects some day to become the owner of one. But after the mind has been fully made up to purchase one of these indispensable articles, the question arises as to what kind of a machine to buy. It should be so simply constructed that the most inexperienced can successfully operate it. The other points mainly to be considered, and which are the most desirable, are durability, rapidity, capacity for work, ease of operation, regularity of motion, uniformity of tension, and silence while in operation.

The "Light Running New Home" fills the above requirements, and is said to combine the good points of all sewing machines, with the addition of many new improvements and labor saving devices.

The price is no higher than that of other machines, and every lady who is the happy possessor of one may rest assured she has indeed a treasure. See Advertisement.

NEW POSTAL REGULATIONS.

The changes in the new postal regulations, in so far as they relate to the people in the Territories, are as follows:—

1. The registration fee upon letters and all matter transmissible by mail within the Dominion of Canada or to Newfoundland, Great Britain or United States will be five cents, to be prepaid by stamp. All classes of matter posted in and addressed to Canada may be registered.

2. The rate of postage on letters passing from one postoffice to another within the Dominion or to United States is three cents per ounce or fraction thereof, to be prepaid by postage stamp.

3. The postage on "drop" letters, that is letters posted and delivered at the same office, is one cent per ounce, to be prepaid by postage stamp, except in cases where there is delivery by letter carriers, when the rate is two cents per ounce.

The act also provides that in rural districts the ordinary postage stamp may be used for registration.

GENERAL NEWS.

People living along the banks of the Gathieu river in the vicinity of the Cascades are in momentary fear of much damage being done if a monster jam of logs, which has formed in the river at that place, gives way.

J. Ayer & Co. have once more taken action against the Customs Department for the recovery of \$124,000. This time it is for damages in connection with the seizure made three years ago at Quebec.

The Toronto City Council voted \$3,000 to the Johnstons sufferers. Private subscriptions are also being raised.

The first sod was turned on the 10th inst. on the site for the Children's Hospital, at Toronto, which will cost \$100,000.

Among the visitors at the Paris Exposition are the Prince and Princess of Wales, who also ascended the Eiffel tower.

Thirty years ago at Halifax George, now Capt., Campbell courted and seduced Esther Fletcher and a child was born. Campbell, who is now sixty, married a widow lady last fall, and the coming trial in the Supreme Court of Esther Fletcher's suit against him for \$30,000 damages, is creating a great sensation in Halifax. It was generally supposed that Campbell, if ever he married, would marry Miss Fletcher, of whose child he acknowledged being the father.

For refusing to pay over money to certain clients, an order was issued striking John P. McMillan, county crown attorney, Orangeville, from the roll of solicitor of the Supreme Court of Judicature

for Ontario, which after an observance of some formalities, will deprive the county crown attorney of his robe.

Ed. Hanlan arrived at San Francisco on the 8th inst. on the steamer Zealandia from Australia. In an interview he said he would go to England to see the Searle-O'Connor race. He says Searle is a man of wonderful endurance and a good oarsman. He declined to give an opinion as to who was the better man, Searle or O'Connor. Hanlan will in future reside on Toronto Island, and will give exhibitions and lessons in rowing.

The police at last have the clothes worn by Cronin, the Chicago doctor, when he last left his office. The garments, all blood-stained, were found in a lot of garbage by a scavenger, just where the police refuse to say. The scavenger gave the apparel to a German neighbor, who washed out the blood as best she could and gave them to her husband to wear. The husband's new suit excited the suspicion of some of his associates, who informed the police.

GRAND UNION LIVESTABLE.

Opposition is the Life of Trade.

A First-class Livery, Feed and Sale Stables

We would like to invite the public when in Prince Albert to give us a call. Our stables are the most central in town—next door to Queen's Hotel.

We keep the largest and best Livery and Feed Stable in town.

We have a lot of new horses and rigs—second to none west of Winnipeg—to hire on reasonable terms.

You will always find good, reliable and accommodating men night and day at our stables to attend to your wants.

All our horses are fine-class livery breeds can be driven by ladies; particular care has been taken to purchase horses of that class.

You can always depend on getting the best treatment in town at the Grand Union Stables.

N.B.—We do not advertise in one paper to contradict it in another, as that constitutes a falsehood, but we keep the best Livery and Feed Stable—and at the lowest prices—in town.

VICTORIA
Livery and Boarding Stables,
Between Johnson's Campbell's Stores.

Having enlarged our premises to double their original size, we would respectfully call the attention of the travelling public to their convenient location.

Well and river water almost at the door.

We have also added some fresh horses to our well known list of prize roadsters, and the public can depend on getting as good a bargain as can be had west of Winnipeg, at reasonable prices.

Boarders taken at reasonable prices.

N.B.—Our rigs are new, and not liable to breakages.

NEILSON & McBEATH
A GOOD FISH!

It is a trite saying, offered for, the solace of discomfited lovers, that there are as good fish in the sea as were before caught therein, but this does not hold good in the case of

W. R. FISH,
The Merchant,
Who keeps a full line of General Goods at his establishment. He is the only Fish in this line of business, and can tell a good story of himself if necessary. This, however, does not prevent him from attending to his numerous customers. He is sure to please, as he has one of the best stocks in town. Call on him.
